5. BLUEBERRY MANAGEMENT Ryan is picking and there is a good crop of blueberries.

6. FOSS MOUNTAIN TRAIL Peter inspected along the sides of the ledge area just into the blueberries beyond the edge of the gravel trail and he and Dick Fortin agree it looks OK for now. They felt it would be useful to enlarge the toe hold spots and Dick Fortin will ask Jed Talbot about this.

7. FOREST MANAGEMENT Frank Perrault is working in Unit # 5.

8. CRYSTAL LAKE Dick Brisbois and Frank Holmes checked Crystal for invasive species and found none. The lake looked very clear. There is a lot of pipe wort and pickerel weed growing near the Camp Waukeela beach which is due to the decreased water level from lack of rain.

Meeting adjourned at 8:30 PM.

Respectfully submitted by Judy Fowler.
