The upper Kiosk has been vandalized and will be taken down ASAP for repairs. The "Leave No Trace" sign has been vandalized as well, Tom feels it can be repaired on site and placed higher in the tree. Marnie will contact Helon Hoffer to see if he can clean the water bars on the Foss Mtn. trail. Marnie will get more "No Bear Dogs" signs for the area around Foss. 8. BLUEBERRY MANAGEMENT Horizon Forestry completed the work in three days. There were many favorable comments regarding the quality of the work that was done. dropped them off at Dick B.'s house for repair.

9. TAKING ACTION for WILDLIFE Marnie gave a summary of the work the Cohort group has done to date. She explained the direction the group would take going forward developing a "Conservation Plan" for town lands. The group is considering a strategy for getting other landowners with larger parcels involved.

10. OTHER BUSINESS ECC received notification from DOT regarding a culvert replacement on Route 153 in Eaton Center. Wood Additions on Linscott Brook have been completed by Tin Mountain Conservation Center. Ken MacGray contacted Marnie for permission to include the Foss Mtn.
